AWARENESS OF TRENDS IN TECHNOLOGY

Technology trend awareness as a skill refers to being mindful of the technology that is recently becoming popular and is readily accepted in the industry. It also encompasses one's ability to recognize and understand the usefulness of any such technology for professional success.

In bringing the 'excellence' in students, the Academic and Support systems of the University regularly organize various events, activities, workshops, seminars and skill development activities wherein the organizations and experts are collaborated and invited to share the best practices and trends to the students.

ICT skills are about understanding and applying a range of computer programmes, software and other applications. These include word processing, spreadsheets, databases, power points and use of internet. In addition to technical skills, associated skills namely creativity and analytical skills are also improved.

Knowing how to use ICT skill is a very important competency to be possessed by students, both during their time with us at the College and beyond.

ICT competencies:

- Using a Computer and the Internet
- Information Literacy
- Processing Information
- Presenting Information
- Online Communication and Collaboration

Students are provided opportunity to handle seminars using ICT enabled teaching gadgets such as smart boards, modules and power point presentation. Students are encouraged to join and learn through Massive Open Online Certificate (MOOC) offered through NPTEL. Campus has smart class rooms and 3 seminar halls with ICT facility, Learning Management System is enabled through STET learning App.

ICT enabled teaching gadgets such as LCD, Projector screen; 'Smart' interactive boards and internet connection with Wi-Fi are provided to each department. The teachers effectively utilize the ICT facilities for delivering the course content with virtual reality.

Software Development Council conducts hands on training to the PG Students on software development. IT Park of Computer Science and Oriontech club of Computer Applications departments provide opportunity to develop students' technical skills by conducting seminars, workshops, quiz, symposium etc.,

Our college is an institutional member of ICT Academy of Tamil Nadu which conducts various Workshops, Skill development programmes, Guest Lectures and Industrial Visits to create awareness on trends in technology with the help of resource persons from industries.

REPORT OF TWO DAYS WEBINAR

PG AND RESEARCH DEPARTMENT OF BIOCHEMISTRY

CURRENT PERSPECTIVES AND CHALLENGES IN BIOLOGICAL SCIENCES

REPORT

PG & Research Department of Biochemistry has organized two days webinar on Current Perspectives and Challenges in Biological Sciences from 01.03.2021 to 02.03.2021. Dr. R.Anuradha, Head of the Department of Biochemistry has welcomed the gathering. Dr. A. Malarvizhi, Assistant Professor & Head, Department of Biochemistry, D.G.G. Arts College for Women, Mayiladuthurai, delivered a lecture on Current Scenario and Future Trends in Nutraceuticals in Industry. Second session of first day was handover to Dr. M.Jayaraj, Assistant Professor & Head, Department of Biochemistry, Govt. Arts College (A), Kumbakonam. Dr. S. Velavan, Director, Harman Research Institute of Science Education & Research, Thanjavur, gave a brief lecture on Biochemistry on stress. Dr. J.Jayaprakash, Assistant Professor & Head, Department of Biochemistry, Rajah Serfoji Govt. College (A), Thanjavur, delivered a lecture on Molecular Pathogenesis & Diagnosis- COVID 19. Fifteen faculty members and two hundred and four students attended the webinar and gained a lot of information related to the topics. The event was concluded by the vote of thanks which was given by Dr. V. Saratha, Assistant Professor, Department of Biochemistry, STET Women's College (Autonomous), Sundarakkottai, Mannargudi.

About the Institution

"Empowering women, Empowering the Nation".

Higher education, especially to women, empowers not only the family but also the nation. Hence, higher education to women is often emphasized as a mission of capacity building of the nation. The significance of this aspect has been rightly recognized and there has been a paradigm shift in the scenario of women education in the urban area. Nevertheless higher education to women in the rural area needs encouragement, as the main source of income of their parents is agriculture and the per capita income is relatively very low. In this context, "Sengamala Thayar Educational Trust (STET) Women's College" was established at Sundarakkottai, a hamlet in Thiruvallur District, in the year 1994 by Thirumathi Krishnaveni Vivekanandham, who entrusted the task of nurturing the institution to her illustrious son Dr. V. Dhivaharan as the Correspondent. The Correspondent with younger vision for promoting higher education to women students in this backward area set goals to achieve the target. Sengamala Thayar Educational Trust Women's College is recognized as one of the foremost Educational institutions in India. It has been accredited by the NAAC 'A' Grade & ISO 9001:2015 certified institution. The Internal Quality Assurance Cell (IQAC) of the College is extremely active and evolves strategies and actions to achieve the goal of the institution. It's a 'Mentor' institution to facilitate the non-accredited institutions to get accredited themselves, as recognized both by the UGC and NAAC. The Institution got Autonomous status in the Academic Year 2020-2021.

Our Group of Institution includes

1. STET Women's College
2. STET School of Management
3. STET College of Education for Women

About the Department

Department of Microbiology was started in the year 1995. It has grown from strength to strength and offers up to the highest Research Degree. The Department has successfully graduated more than 557 (PG) students and promotes research activities leading to Ph.D., degree. The Department has successfully organized Seminar/Workshop/ Internship/ Webinars/ at National and International level. The Department has signed functional MoUs to promote the industry and institution interface.

The Department has Centralized Instrumentation Facility with sophisticated instruments providing a good research ambience to the students via HPLC, GC, Multi focus microscope, PCR, Inverted Tissue Culture Microscope, Immunofluorescent Microscope, AAS, Flame Photometer, Gel Documentation and Bioreactor.

Bioassay Laboratories are functioning as the incubation centre for Tissue culture, biofertilizers, vermicompost production, micro nutrient preparations for 14 crop varieties and mushroom cultivation to promote innovative business ideas and self employment. Faculty member of our Department has received Patent for "Polyherbal Wound Healing" Ointment. Many funded projects (Management, UGC-SERO and TNSCST) are being operated by the Students and Faculty Members. The students of our Department have excelled in both academic as well as extracurricular activities. The Department has an excellent academic record of 81 University Ranks in UG with 6 gold medals and 120 Ranks in PG with 4 gold medals. All the faculty members have enrolled in NPTEL and SWAYAM online certification for effective teaching. The Department has made significant contribution to the fungal taxonomy. So far, 258 new species, 35 varieties, 4 new genera, 6 new generic records, 36 new records and 6 are rare foliicolous fungi from India were discovered by our Research Scholars. Free Bioinstrumentation training programme is being conducted every year during the summer for other College students. Faculty members are active in teaching, extension and research in different areas such as Environmental and Agricultural Microbiology, Industrial Microbiology, Microbial Biotechnology, Biodiversity, etc. The Department serves as the portal for renowned placements in the life science sectors globally.

Purpose

The workshop aims at giving an idea about the importance of Soil fertility in day to day life, its management and basic techniques related to Soil science and Agricultural Microbiology. To develop knowledge on *Spirulina*, *Azolla* cultivation, bee keeping techniques and value addition in mushrooms in order to strengthen the self employment and entrepreneur skills.

A Report on

**Two Days Virtual Technical Workshop on
"Integrated Farming Practices"
March 03th to 04th, 2021**

PG and Research Department of Microbiology conducted **Two days** online Virtual Technical Workshop on **"Integrated Farming Practices"**. Four eminent experts from various fields were invited to share their wisdom and vast experience on the topic. The key speaker of the opening day session was **Dr.A.Sankari**, Assistant Professor, Department of Zoology, AVC college, Mayiladuthurai delivered lecture cum demonstration on Apiculture. She clearly explained the techniques and handling practices for honey bee culture. She motivated the youth on uplifting the entrepreneurial skills among the women. **Dr. A.Anuraddha**, Assistant Professor, ICAR, Krishi Vigyan Kendra, Needamangalam, Thiruvavur (Dt) took over the next session. She has delivered lecture about Soil health Management. She was presented type of soil, characteristics of soil, natural methods for compost and manure preparation to enrich the soil fertility. **Dr.R.Senthilkumar** explained *Azolla* and *Spirulina* cultivation methods and its applications. He demonstrated about harvesting techniques of *Spirulina*. **Dr.R.Kamalasundari** explained about preservation and storage of mushroom. She demonstrated the students to prepare the value addition of Mushroom. She insisted that value added products are worthwhile investment that can generate higher returns, create brand identity and develop brand loyalty. She also showed some value added products Mushroom soup powder, mushroom pickle. **Integrated Farming Practices** is a whole farm management system which aims to deliver more sustainable agriculture. It is a dynamic approach which can be applied to any farming system around the world. It involves attention to detail and continuous improvement in all areas of a farming business through informed management processes. Integrated Farming combines the best of modern tools and technologies with traditional practices according to a given site and situation. The Virtual workshop received a lot of positive feedback from faculty members and research scholars from many Colleges. There were **143 enthusiastic participants** in total, who took part in the **2-day** online Virtual Workshops. Each session was of 90 minutes and included open questions, answer session. Google Meet was the platform used and the session links, feedback links were shared every morning for the day. The registered participants were engaged in a special WhatsApp group and by email.

Hadoop Vs RDBMS

	Hadoop / MapReduce	RDBMS
Size of data	Petabytes ✓	Gigabytes ✓
Integrity of data	Low ✓	High (referential, typed)
Data schema	Dynamic	Static
Access method	Interactive and Batch	Batch
Scaling	Linear	Nonlinear (worse than linear)
Data structure	Unstructured	Structured
Normalization of data	Not Required	Required
Query Response Time	Has latency (due to batch processing)	Can be near immediate

Report on Two Days Online Webinar "Emerging Trends in Computing Technologies" March 01st to 02nd, 2021

Department of Computer Applications conducted Two days online Webinar on "Emerging Trends in Computing Technologies". Four eminent experts from various fields were invited to share their information on the topic.

The key speaker of the opening day session was Mr. Shabarinath Premal, Founder, Respro Labs, CIET, Chennai delivered lecture on Internet of Things and Data Analytics. He clearly explained the technique. Dr. S. Selvamuthukumar, Ph.D Director, Department of Computer Applications, A.V.C College of Engineering and Technology, Mayiladuthurai, took over the next session. He has delivered lecture about Hadoop eco System tools for Big Data. He explains about Hadoop environment in real world Technologies. Dr. S. Arulselvarani Ph.D., Assistant Professor, Department of Computer Applications, Urumu Dhanalakshmi College, Kattur, Trichy explained about Trends Analysis on Science Dataset. She demonstrated about Dataset in Big data. Dr. K. Umamaheswari, Assistant Professor, Department of Computer Science, Avvaiyar Govt College for Women's, Karaikal explained about Data mining using WEKA. She demonstrated the students about Data mining Techniques and implements Weka Tool. The Online Webinar received a lot of positive feedback from faculty members and research scholars from many Colleges. There were **194 enthusiastic participants** in total, who took part in the **2-day** online Webinar. Each session was of 90 minutes and included open questions, answer session. Google Meet was the platform used and the session links, feedback links were shared every morning for the day. The registered participants were engaged in a special WhatsApp group and by email.

National level workshop (2020-2021)

Our department organized Two days National level workshop on 04.03.2021 & 05.03.2021 under the title “Modeling and solving Operations Research problems using Microsoft excel and solver” with Dr.T.Venugopal, Professor of Mathematics, Formerly Head, Department of Mathematics, SCSVMV Deemed to be University, Enathur, Kanchipuram.

In this Programme, he gave a training using Microsoft excel and solver to our Post Graduate students. From this activity, our students are able to solve the operations research problems quickly.

The screenshot displays a webinar interface. At the top right, there is a notification bell icon. The main content area shows a presentation slide titled "Thin Film Deposition Techniques". The slide is divided into two columns. The left column, under the heading "Physical Methods", lists "Evaporation", "Sputtering", and "Pulsed Laser Deposition". Below this list, a green box states "It requires high Vacuum". The right column, under the heading "Chemical Methods", lists "Electrodeposition", "Electroless deposition", "Chemical vapor deposition", and "Spin coating, etc.". Below this list, a green box states "Requires lower or higher ambient pressure". A small "10" is visible in the bottom right corner of the slide. Below the slide, the name "Gokul krishnan" is displayed with a microphone icon. At the bottom of the interface, there is a row of four icons: a circular profile icon labeled "You", a video feed icon, a circular icon with "01" labeled "Aarani", and a circular icon with "61" and "3" labeled "61 others". At the very bottom, there are three navigation icons: a hamburger menu, a home icon, and a back icon.

TWO DAYS NATIONAL WEBINAR (2020-2021)

REPORT

WEBINAR ON “RECENT DEVELOPMENT IN NANO SCIENCE & PHOTONICS (RDNSP - 21)

Department of physics successfully organized an interactive webinar on “Recent Development In Nano Science & Photonics (RDNSP - 21)” on 11th March 2021 & 12th March 2021. The guest speaker for the session was very useful. It was a very informative webinar and enlightened the audience with a wide range of topics such as Nanoscience and Photonics . The webinar began with a word of appreciation by the respected Principal and Professors. The session saw an overwhelming response from UG and PG students of the department. A total of 124 students and some faculty participated in the session.

Open Source Programming- Python held on 22.02.2021 & 23.02.2021

REC MALLIKESWARI is presenting

Kalp Kalps and 78 more

11:04 AM

python open ppt - PowerPoint

Set

A set is an unordered and indexed collection of items means when we print the elements of a set they will appear in the random order and we cannot access the elements of set based on indexes because it is **unindexed**.

Elements of set are separated by commas and enclosed in curly braces.

```
# Set Example
myset = {"hi", 2, "bye", "Hello World"}

# loop through set
for a in myset:
    print(a)

# checking whether 2 exists in myset
print(2 in myset)

# adding new element
myset.add(99)
print(myset)
```

**Report of Two-days Webinar on Open Source Programming- Python held on
22.02.2021 & 23.02.2021**

Two-days webinar on Open Source Programming-Python was organized by PG & Research Department of Computer Science on 22nd and 23rd February, 2021 through Google Meet. The Webinar proved to be the meeting ground for PG and UG students, and Faculties to exchange experiences, knowledge, queries and insights on Open Source Programming-Python.

We are glad to inform that 211 Participants have participated in this Webinar and have benefited for the enrichment of their knowledge in python.

Mrs.K.Savima, Assistant Professor, Department of Computer Science, STET Women's college, introduced the chief Guest Mrs.B.Mallikeswari to the participants of the webinar.

Mrs.B.Mallikeswari has presented the Technical sessions on "Open Source Programming - Python".

Mrs.V.Geetha, Head of the Department of Computer Science, Organizing Secretary of this webinar of this college delivered the Vote of thanks.

We strongly hope that, such webinars on emerging technology in Information Technology will be organized in future in which we can share our ideas along with experience that we gain.

What is Artificial Intelligence?

- Artificial intelligence (AI) is intelligence demonstrated by machines, as opposed to the **natural intelligence** displayed by humans or animals.
- Leading AI textbooks define the field as the study of "intelligent agents": any system that perceives its environment and takes actions that maximize its chance of achieving its goals.
- Some popular accounts use the term "artificial intelligence" to describe machines that mimic "cognitive" functions that humans associate with the human mind, such as "learning" and "problem solving".

ML Benefits

- User authentication as a legitimate user for requesting or performing any transaction in the blockchain network.
- BT provides a high level of security and trust.
- Blockchain integrates public ML models into smart contracts to ensure that the conditions and terms which were previously agreed are sustained.
- BT helps in the reliable implementation of an incentive based system; thus, it encourages users/customers to contribute data. This huge data will help to improve ML model performance.

VIRTUAL POWER SEMINAR

ON

ARTIFICIAL INTELLIGENCE – 31.07.2021

REPORT

Department of Computer Science jointly with ICT Academy successfully organized and conducted Virtual Power Seminar on Artificial Intelligence on 31.07.2021. This seminar was conducted for all department students through Google Meet. Resource Person Dr.Ruso, Associate Consultant of Wipro Technologies handled the session and provided many useful information about artificial intelligence and its importance in the future. Totally 509 students participated in this virtual power seminar. The E-Certificates were provided to all the participants. The virtual power seminar received a lot of positive feedback from the students.

VIRTUAL POWER SEMINAR ON CYBER SECURITY-
10.12.2021
POSTER

The poster is for a virtual power seminar on cyber security. It features a yellow and orange color scheme. On the left, there is a graphic of a network tower with a yellow tag that says 'EDITION NO 1820'. The top left corner has the 'Sky campus' logo, and the top right corner has the 'ICTACADEMY' logo. The center of the poster has the text 'Virtual Power Seminar on CYBER SECURITY' and the date and time '10 Dec 2021 02:00 PM - 03:00PM'. On the right side, there is a circular portrait of Mrs. Rajeeve, the speaker, with the word 'SPEAKER' above it. Below the portrait, her name and affiliation are listed. At the bottom, the host is identified as 'SENGAMALA THAYAAR EDUCATIONAL TRUST WOMEN'S COLLEGE (AUTONOMOUS)', with details about its affiliations and accreditations. The bottom right corner features the 'CPG' logo and 'ISO 9001: 2015' certification. Social media icons and the website 'ictacademyindia' are at the very bottom.

VIRTUAL POWER SEMINAR ON CYBER SECURITY-10.12.2021

SCREENSHOTS

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "Most common attacks in Cyber Security". The slide features a central tree diagram with a laptop icon at the base. The tree branches into two main categories: "Internal attacks" on the left and "External attacks" on the right. Under "Internal attacks", the branches are: "Man in the middle", "Denial of service", "Masquerade attack", and "Egg dropping attack". Under "External attacks", the branches are: "spoofing", "distributed denial of service", "phishing attack", and "Denial of service". The Zoom interface includes a top bar with the meeting title "Security awareness seminar for the effect the quality of your call", a top right corner with "Join audio" and "Join video" buttons, and a bottom bar with a chat window, a toolbar with icons for mute, video, chat, and other functions, and a participant list on the right side showing several active participants.

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "Types of hackers". The slide lists four types of hackers, each with an illustration and a description: "Black hat" (illustration of a person in a black hat) described as "Individuals with malicious intentions, seeking to make use of destructive activities"; "Grey hat" (illustration of a person in a grey hat) described as "Individuals who seek some efficiency and advantages in various ways"; "White hat" (illustration of a person in a white hat) described as "Individuals who use their skills and using them for advance purposes and also known as security analyst"; and "Script kiddie" (illustration of a person sitting at a desk) described as "Individuals who are in using open source infrastructure for a cause and are not worried about facing all kinds of any other punishment". The Zoom interface includes a top bar with the meeting title "Security awareness seminar for the effect the quality of your call", a top right corner with "Join audio" and "Join video" buttons, and a bottom bar with a chat window, a toolbar with icons for mute, video, chat, and other functions, and a participant list on the right side showing several active participants.

SCREENSHOTS

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "Motives behind Cybercrime". The slide features a central circular diagram with eight segments, each representing a motive and accompanied by an icon. The motives are: "Disrupting business continuity" (factory icon), "Information theft and espionage" (truck icon), "Financial gain through ransomware" (dollar sign icon), "Cyberstalking or harassment" (person icon), "Cyber espionage" (spy icon), "Cyber terrorism" (bomb icon), "Cyber warfare" (military icon), and "Cyber espionage" (spy icon). The right side of the screen shows a grid of participant avatars. The bottom of the screen displays the Zoom control bar with various icons for muting, video, chat, and other functions.

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "Why Cyber Security?". The slide features a central triangular diagram with three segments labeled "Confidentiality" (blue), "Integrity" (orange), and "Availability" (red). Above the triangle, a yellow box contains the text: "Confidentiality, Integrity, and Availability have served as the primary standard for computer security since the time of their formulation." Below the triangle, a black box contains the text: "The CIA Triad is the foundation of information security." The right side of the screen shows a grid of participant avatars. The bottom of the screen displays the Zoom control bar with various icons for muting, video, chat, and other functions.

A REPORT ON VIRTUAL POWER SEMINAR

TITLE: CYBER SECURITY

MODE: GOOGLE MEET, YOUTUBE

DATE: 10.12.2021

PG and Research department of computer science successfully conducted online virtual power seminar "CYBER SECURITY" on 10.12.2021(2.00 pm to 3.00 pm). The seminar was conducted for faculty members and students. Totally participants 594 were attended the seminar on the topic of cyber security. The E-certificates were provided to all the participated faculty members and students. The virtual power seminar received a lot of positive feedback from faculty members and research scholars from many colleges.

Department of Chemistry organized students seminar through interactive board with the guidance of faculty for post graduate and final year under graduate students to enhance the awareness of technology.

B.Sc., Chemistry students covered the topics such as

- Introduction of Chromatography and its types
- Chemistry Of Piperidine $C_5H_{11}N$
- Fume Disposal
- Errors

M.Sc., Chemistry students covered the topics such as

- Zeolites
- Porous Silicon
- Sono Chemical Synthesis
- Gas Phase Condensation Synthesis

M.Sc., Chemistry and final year B.Sc., Chemistry students participated in this programme. Totally 62 students benefited from this student's seminar.

ICT COMPUTING TOOLS “STUDENTS SEMINAR ON INTERACTIVE WHITEBOARDS”

PG and Research Department of Biochemistry organized student seminar through interactive board with the guidance of faculty for post graduate students to enhance the awareness of technology. M.Sc., Biochemistry students covered the topics such as

- Clinical Biochemistry
- Immunology
- Endocrinology
- Human Physiology

Instrumentation y forty three students benefited from this student's seminar.

M.sc computer science students covered the topics such as

- Data Mining And Warehousing
- Advanced Computer Architecture
- Network Security
- Cloud Computing

M.sc information technology students covered the topics such as

- Internet Of Things
- Pervasive Computing
- Web Technologies
- Artificial Intelligence

M.sc computer science, M.sc information technology and final year B.sc computer science students participated in this programme. Totally 306 students benefited from this student's seminar

LEARNATHON-2021

INVITATION

The poster features a background image of a person's hands typing on a laptop keyboard. The text is overlaid on this image. At the top, the ICT Academy logo is shown above the text 'ICT ACADEMY'. Below this, a box contains the words 'GRAND VIRTUAL LAUNCH'. The main title 'LEARNATHON 2021' is prominently displayed in a large, stylized font. Underneath, it says 'DISCOVER THE NEW WAY OF LEARNING' and 'Free self-learning courses for college students from global majors'. A row of logos for various partners follows: Microsoft, SAP, MathWorks, IBM, colonis, Qlik, Wipro, and Oracle. Below these logos, it says 'Launching On' followed by the WYSD (World Youth Skills Day) logo. The date and time '15 JULY 2021 (THURSDAY) 10:30 AM - 12:00 PM' are listed. A teal box contains the text 'Virtual Launch Invitees' and lists the roles of the invitees. At the bottom, it provides the registration website.

REPORT

LEARNATHON-2021

Sengamala Thayaar Educational Trust Women's College (Autonomous) actively engages with ICT Academy to provide students the exposure to the latest technology, experiential learning, mentorship, and job opportunities. The Learnathon - 2021 is one such great initiative. This learning event aims at helping students build skills that could help them develop. Around 1090 students actively participated and 350 students received certificates. Apart from the regular curriculum, students learning advanced technologies and earning global certifications are added advantages for their carriers. Learnathon--2021 is an effort to help educators and students build literacy and deploy the power of a digital assistant.

SKILL-A-THON 2021
NEWSPAPER CONTENT

RPA Skill-A-Thon 2021

Sengamala Thayaar Educational Trust Women's College (Autonomous) actively engages with ICT Academy and UiPath Academic Alliance to provide students the exposure to the latest technology, experiential learning, mentorship, and job opportunities. The Robotic Process Automation (RPA) Skill- A-Thon - 2021 is one such great initiative. This learning event aims at helping students build skills that could help them

develop and deploy basic software robots. Around 1000 students actively participated and received certificates. Apart from the regular curriculum, students learning advanced technologies and earning global certifications are added advantages for their careers. Skill-A- Thon-2021 is an effort to help educators and students build RPA literacy and deploy basic robots to see the power of a digital assistant.
