LANGUAGE LAB - REPORT

Language Lab plays a vital role in the language learning process. It facilitates the students to learn the listening and speaking skills in an effective way. It implies that both the teacher and students can participate in different activities. It also imparts training to the students to learn the foreign language. Students can be able to listen the pronunciation of words through the language lab software and grasp it easily due to clarity of speech.

English Language Lab focuses on developing the communication skills in students. Regular training on Listening and Speaking Skills are given to the First Year Post Graduate students of all departments as per the schedule. Language Lab is equipped with 60 Multimedia computers and a Sony Projector. The Configuration in the Computer is Dual Core 2.80GHz, 512 MB RAM, and 250 GB SATA Hard disk. A student friendly software **Learndiff** is installed in the Lab. The students could listen to Phonetics and Word Stress with appropriate intonations and tone group. LANGUAGE LAB – (2020-2021)

Language Lab plays a vital role in the language learning process. It facilitates the students to learn the listening and speaking skills in an effective way. It implies that both the teacher and students can participate in different activities. It also imparts training to the students to learn the foreign language. Students can be able to listen the pronunciation of words through the language lab software and grasp it easily due to clarity of speech.

English Language Lab focuses on developing the communication skills in students. Language lab classes are conducted for all I PG students as per the schedule. Through the software "Learndiff" students can listen to audio materials and recording tools for recording their speech and pronunciation. The students make use of this effectively and also improve their communication and pronunciation skills.
