PART V –NSS

NATIONAL SERVICE SCHEME

INTRODUCTION

The National Service Scheme (NSS) is an Indian government-sponsored public service program conducted by the Ministry of Youth Affairs and Sports of the Government of India. Popularly known as NSS, the scheme was launched in Gandhiji's Centenary year in 1969. Aimed at developing student's personality through community service, NSS is a voluntary association of young people in Colleges, Universities and at +2 level working for a campus-community (esp. Villages) linkage.

After independence the University Grants Commission, headed by S. Radhakrishnan, recommended the introduction of voluntary national service in academic institutions. This idea was again considered by the Central Advisory Board of Education (CABE) at its meeting in January, 1950; after examining the idea and the experiences of other countries in this field, the board recommended that students and teachers should devote time to voluntary manual work. In the draft first Five-Year Plan adopted by the government in 1952, the need for social and labour service by Indian students for one year was stressed. In 1958 Jawaharlal Nehru, in a letter to the chief ministers, considered the idea of social service as a prerequisite for graduation. He directed the Ministry of Education to formulate a suitable scheme for the introduction of national service into academic institutions.

ABOUT US

The National Service Scheme (NSS) was officially started on 24th September 1969, to establish a meaningful linkage between the campus and the community. Mahatma Gandhi, the Father of the Nation, had recognised that the country could not progress in a desired direction until the student youth were motivated to work for the upliftment of the villages/community. For Gandhiji, the villages, where majority of the population living,

Represent the country. Therefore for the national reconstruction and national resurgence it was deemed fit that the students and teachers should be properly sensitised and utilized for strengthening the Indian society as a whole with particular emphasis on rural community.

NSS(2020-2021)

Therefore, student youth, teachers and the community are considered as the three basic components of the National Service Scheme.

Vision, Mission and Objectives

Vision

The vision is to build the youth with the mind and spirit to serve the society and work for the social uplift of the down-trodden masses of our nation as a movement.

Mission

The National Service Scheme has been functioning with the motto “NOT ME BUT YOU” in view of making the youth inspired in service of the people and hence NSS Aims Education through Community Service and Community Service through Education.

Broad Objectives

- Understand the community in which they work
- Understand themselves in relation to their community
- Identify the needs and problems of the community and involve them in problem solving process
- Develop among themselves a sense of social and civic responsibility
- Utilize their knowledge in finding practical solution to individual and community problems
- Develop competence required for group living and sharing of responsibilities
- Gain skills in mobilizing community participation
- Acquire leadership qualities and democratic attitude
- Develop capacity to meet emergencies and natural disasters and
- Practice national integration and social harmony

Basic Concepts of NSS

The overall aim of National Service Scheme is to give an extension dimension to the higher education system and orient the student youth to community service while they are studying in educational institution. The reason for the formulation of this objective is the general realization that the college and +2 level students have a tendency to get alienated from the village/slum masses which constitute the majority of the population of the country. The educated youth who are expected to take the reins of administration in future are found to be unaware of the problems of the village/slum community and in certain cases are indifferent towards their needs and problems. Therefore it is necessary to arouse the social conscience of the students, and to provide them an opportunity to work with the people in the villages and slums. It is felt that their interaction with the common villagers and slum dwellers will expose them to the realities of life and bring about a change in their social perception.

The Motto

The motto or watchword of the National Service Scheme is 'NOT ME BUT YOU'. This reflects the essence of democratic living and upholds the need for selfless service and appreciation of the other person's point of view and also to show consideration for fellow human beings. It underlines that the welfare of an individual is ultimately dependent on the welfare of society on the whole. Therefore, it should be the aim of the NSS to demonstrate this motto in its day-to-day Programme.

NSS Symbol

NSS(2020-2021)

The symbol of the National Service Scheme is based on the 'Rath' wheel of the Konarak Sun Temple situated in Orissa. These giant wheels of the Sun Temple portray the cycle of creation, preservation and release, and signify the movement in life across time and space.

The design of the symbol, a simplified form of the Sun-chariot wheel primarily depicts movement. The wheel signifies the progressive cycle of life. It stands for continuity as well as change and implies the continuous striving of NSS for social transformation and upliftment.

NSS Day

NSS was formally launched on 24th September, 1969, the birth centenary year of Mahatma Gandhiji, the Father of Nation. Therefore, 24th September is celebrated every year as NSS Day with appropriate programmes and activities.

Classification of NSS Programme

NSS activities have been divided in two major groups:

➤ *Regular NSS Activity*

Under this, students undertake various programs in the adopted villages, college campuses and urban slums during weekends or after college hours.

➤ *Special Camping Programme*

Under this, camps of 7 days duration are organized in adopted villages or urban slums during vacations with some specific projects by involving local communities. 50% NSS volunteers, i.e. 50 NSS Volunteers per NSS Unit, are involved in these camps.

Release of Grants

The grants released by the Ministry of Youth Affairs & Sports, Government of India and Government of Tamil Nadu through the State NSS Cell, shall be made available to the NSS Units organizing the camp before the camp actually starts. The university will release the grant admissible to the NSS Unit subject to the conditions of submission of proper accounts by the NSS Unit.

NSS(2020-2021)

Special camping are organized generally on various developmental issues of national importance. In the past the themes of the Special Camping Programme have been 'Youth against Famine', 'Youth against Dirt and Disease', 'Youth for Rural Reconstruction', 'Youth for Eco-Development' and 'Youth for Mass Literacy', 'Youth for National Integration & Social Harmony'. 'Youth for Sustainable Development with special focus on Watershed management and Wasteland Development. Every year 50 percent of the volunteers of each NSS unit are expected to participate in special camps which is of seven days duration.
