**INSTITUTION INDUSTRY INTERFACE COMMITTEE**

# INDUSTRY INTERFACE

## **VISION**

To establish a dynamic and sustainable interface between the institution and industry that fosters mutual collaboration, enhances academic relevance, accelerates research and innovation, and prepares students to meet evolving industrial and societal needs.

## **MISSION**

To strengthen institutional capacity by building synergistic partnerships with industries that support research collaboration, curriculum enhancement, internships, and placement opportunities.

To bridge the gap between theory and practice by connecting students and faculty with industry experts and emerging technologies through workshops, training, and collaborative projects. To promote mutual growth and innovation by facilitating technology transfer, shared research initiatives, and continuous engagement between academic and industrial stakeholders.

## **OBJECTIVES**

- To strengthen the linkage between the institution and industry so that students, faculty, and curriculum remain aligned with evolving industrial needs.
- To provide students and faculty with industrial exposure through internships, industrial visits, training, and collaborative projects that bridge theory and practice.
- To facilitate participation of industry experts in curriculum design and academic activities, ensuring that programmes reflect current industry standards and expectations.
- To promote joint research, consultancy, and innovation activities between the institute and industry that benefit both academic inquiry and practical problem-solving.
- To establish Memoranda of Understanding (MOUs) and strategic partnerships with industry and research partners for internships, training, projects, and knowledge exchange.
- To organize workshops, seminars, and guest lectures by industry professionals that enhance the learning environment and keep stakeholders updated on technological and market trends.
- To enrich students employability and entrepreneurial skills by exposing them to real-world industry practices, expectations, and innovations.
- To support faculty development by enabling sabbaticals, training, and consultancy opportunities with industry partners.

## COMMITTEE MEMBERS

1	<b>Dr. M.V. Srinath</b> Training and Placement Cell Director, Department of Computer Applications	Coordinator
2	<b>Ms. P. Rani</b> Head & Assistant Professor, Department of Computer Applications	Coordinator
3	<b>Dr. V. Alamelu Mangaiyarkarasi</b> Associate Professor, Department of Computer Applications	Members
4	<b>Ms. C. JASMINE</b> Assistant Professor, Department of Computer Science	Members
5	<b>Dr.K. SAVIMA</b> Head & Assistant Professor, Department of Computer Science	Members
6	<b>Ms. R. Manjupargavi</b> Assistant Professor, Department of Computer Science	Members
7	<b>Dr. B. Saranya</b> Assistant Professor, Department of M.B.A	Members
8	<b>Dr. S. Indirani</b> Assistant Professor, Department of M.B.A	Members
